LA-LA KIDS ANNOUNCES DEBUT ALBUM RELEASE

La-La Kids Music announces the release of their debut album *Sleep, Baby, Sleep! Sleep, Baby, Sleep* was specially designed to help your child sleep. Based on music therapy techniques, this album helps prepare your child for quiet-time and deep sleep. Lush strings, soft bells and soothing harps play favorite melodies with inspired serenity.

More Information

We all know falling asleep can be hard – especially for toddlers. And getting mentally prepared for sleep can be even harder. *Sleep, Baby, Sleep* was produced with these struggles in mind to help children experience a relaxing sleep routine.

The entire album was mapped out and constructed around a toddler's natural heart rhythm using slow oscillations and melodies your child knows and loves. Extended length tracks minimize abrupt changes and continue repetition, helping mentally prepare and relax for sleeping.
